The information that Frankfort is
going to entertain the State from An-
derson, with the hope that the ad-

Frankfort, is the latest news from
the former still hopes that the latter

Dr. J. D. Clarke, of Christian coun-
cil, candidate for Congress, spoke to a
large crowd in the county court-
house this (Monday) afternoon. He
stated that the Democrats are not
responsible for the present monetary
depression and hard times. He
charged those things up to the Mo-

by sound reasoning. Dr. Clarke
made a very favorable impression on
the hearers—Owensboro Inquirer.

Stock Exchange Passed.
No orders passed by the Council
of late years, has given more general
satisfaction to the tax-payers of the
city, than the "Holland Stock
Law," passed Tuesday night. The
ordinance prohibits the running at
large on the streets of any live stock,
dog or pig, excepting from the
cows between sunrise and sunset.
This latter provision is in the nature
of a compromise, and does not apply
to cows of a vicious or vicious dispo-
sition.

Such a law in this long has been
one of the crying needs of Hopkinsville.
We should find there another
city of the same name in the state
where the law is so strictly enforced
and used as public pastures and foraging
grounds for all kinds of live stock,
hogs, cattle, hogs and even the
cows. It is a law that will bring
order and order to the streets of the
city for years, to the
trouble and annoyance of property
owners and often to the danger of
children on their way to school.

Thanks to the new bill in the Coun-
cil, it will be a thing of the past
after the 20th inst., when the Holland
law goes into effect. The ordinance
was drawn by the chairman of the
first committee and unanimously
recommended by the members of that
committee. Infringed attempts to
violate the law will be met by the
police. The ordinance received the
vote of the Holland, Steele, Pool and Dalton,
the four new men on the Board. And
son and Forbes voted no and Fleck
was absent.

It is to Councilman Holland that
the city is primarily indebted. He
has long been an advocate of a
stock law, believing that the city
should not be used for a public stock
pen. He has been encouraged by his
people, regardless of party, and now
that his efforts have been crowned
with the promise of approval, he is
heard on all sides. There will be
course be no live stock on the streets
of the city from sunrise to sunset.
